Hello families interested in Growing Tree 2024 Summer Sessions and our next Fall School Year 2024-2025! You will notice changes in this year's registration application. We hope this will help streamline our placement and scheduling process.

If you do not need to make any changes to your current schedule for June and July Sessions 2024 check the box to keep it the same and skip that part of registration.

For ALL <u>Fall 2024</u> registration please fill out the Fall registration section as completely as possible.

Please note tuition increase begins: June 1, 2024.

If you are a currently enrolled family, you are guaranteed placement for the next academic year. You can ensure your child's placement by submitting the registration form within the priority week in February, as specified on the registration form. We can almost always accommodate everyone's preferences during this initial registration period. Please note that the registration form must be submitted and deposit received within the specified time frames to guarantee your child's placement.

To ensure a positive social experience for all children, we try to place them in age-appropriate and gender-mixed friend groups that provide consistency. This is why we request your child's age, gender, and your preferred schedule on the application to help us with this process. Additionally, we welcome any brief notes that you would like to share with us that can assist us in this process. After receiving the necessary information, we organize classrooms and groups accordingly.

Thank you for entrusting us with your child's care and first educational experience. We look forward to welcoming you to our Growing Tree community.
